COMMENTS ON THE ANNUAL REPORT COMPILED BY MIZORAM POLLUTION CONTROL BOARD

1. Substantial improvement noticed in submission of Annual Report,2022. Further, direction was issued by the Health & Family Welfare Department, Govt. of Mizoram for timely submission of Annual reports.
2. Private Hospitals within Aizawl District have made provisions for utilization of captive incinerators located at SRF-ZMC, Falkawn for disposal of yellow category wastes on Polluters Pay Principle.
3. Due to inadequate land availability, Sub Centres and Clinics located in districts such as Champhai, Kolasib, Saitual, Lunglei utilize the captive deep burial pit and sharp pit of the nearest Public Health Centers on sharing basis.
4. The Nursing institutions have reported to conduct their practicals in their parent hospitals, hence no bio-medical wastes are generated within the nursing institutions.
5. The quantity of Bio-medical waste generation in some health care facility in read as 0.00 in Part 3 of the Annual report format as very negligible amount is generated by these HCFs, thereby supressing the exact value and setting the value as zero in a set data case in MS Excel.
6. All health care facilities have reported to conform to Schedule II,8(i) for treatment and disposal of liquid effluent from their respective health care facilities.
7. Out of the total of 10 incinerators only 3 incinerators located at Aizawl district and 1 located at Champhai district are functional the rest being non-functional.
8. The Health Care Facilities with functional captive incinerators have been directed to make provision for installation of OCEMS. Report received from 2 health care facilities wherein it was reported that tender have been notified for the said work. Report from 1 HCF, Champhai district awaited.
9. Due to the non-availability of registered recycler for plastic wastes in the state, difficulties in disposal of Red category wastes pose a hindrance for proper management. As of now the common practice is that of shredding, sterilization and collection at baling of Red category wastes.
10. Setting up of CBMWTF for the state is on-going with site preparation and land development reported to be completed at the time of submission of the report.
